War Horse

(PG13) 146 minutes

This remarkable, heartfelt story of a young man and his horse, a Best Picture Oscar nominee, is an old-fashioned odyssey of joy and sorrow, passionate friendship and high adventure. Steven Spielberg directs this emotional adaptation of the 1987 young adult novel turned award-winning stage play with bold and sweeping strokes. In rural England as WW1 is about to begin, young Albert (Jeremy Irvine) acquires his beloved horse when his drunken father foolishly outbids their evil landlord for it at auction. Later she must be sold for rent money and is taken to the battlegrounds of France, but Albert vows to see her again, and as soon as he is old enough, enlists to find his friend.
